

## Spotlight 5 - Asset Management Technology and Management Solutions

### **Linda Frankl, A.A.E.**

**Director, Senior Practice Leader**

**ADK Consulting & Executive Leadership Search**

*(Moderator)*

Currently a Senior Project Manager with ADK Consulting and Executive Search, a firm known to the aviation industry that advances leadership by building enduring partnerships and offering client focused innovative solutions. Linda has been an aviation administration professional for over 33 years. Linda has a Bachelor of Science degree from Embry-Riddle Aeronautical University and received her designation as an Accredited Airport Executive in 1993.

Over the course of her career, she has been very active in industry leadership positions and was on the National Board of Directors for the American Association of Airport Executives for six years as well as served as a Great Lakes Regional Examiner for the industry Accreditation program for three years. Linda served the Great Lakes Chapter in numerous leadership and officer roles. She has been a team member on various Transportation Research Board/Airport Cooperative Research Panels including Project 75 – Airport Leadership Development Programs.

Prior to working with ADK she worked for 21 years with the Columbus Regional Airport Authority (CRAA) in various roles and the last position she held was the Vice-President of Strategy Management. Linda has prior airport experience at Memphis International Airport and Sarasota-Bradenton International Airport.

### **Jill Geboy**

**Project Manager/Strategic Consulting**  
**Woolpert**

Jill has over ten years of project management experience with a background in facility and asset management, design, and construction. Jill graduated from The Ohio State University with a degree in Business Administration and Aviation Management. She also received a Certificate in Project Management from the University of California, San Diego. Throughout her career, Jill has worked for a variety of airports including Los Angeles World Airports (LAX), San Diego International Airport (SAN), John Glenn Columbus International Airport (CMH), and Cincinnati/Northern Kentucky International Airport (CVG) to name a few. In her position at Woolpert, Jill supports projects relating to asset management, policy, organization, and operational improvement, and design project management. She brings her clients experience in both design and asset management, allowing a project to be designed with the end in mind—to not simply construct a project, but to incorporate design elements to effectively maintain the facility after it has been built. Jill is actively involved in the aviation community and is currently an Associate Member on the ACI-NA OPS-ID (Operations, Planning, Safety, Infrastructure, and Development) Committee and is actively involved with the Ohio Aviation Association.
