

## **Session 7 - Aviation Issues Roundtable**

### **Cortney Harris, C.M.**

**Project Manager – Design and Construction**

**Chicago O'Hare International Airport**

*(Moderator)*

Cortney Harris, C.M., has 17 years of Airport Management experience. Cortney is currently serving as Project Manager for Chicago Department of Aviation since September 2017, first at Midway International Airport and since 2018 at O'Hare International Airport. Cortney has a Bachelor of Science in Aviation Management from St. Louis University. Cortney gained proficiency at the Advanced Airport Safety and Operations Specialist (ASOS) through AAAE. Also, Cortney has earned the Certified Member (C.M.) and the Airport Certified Employee (ACE) Security accreditations through AAAE. Cortney has served as the Illinois State Representative for the Great Lakes Chapter of AAAE since 2015.

Prior to her current position, Cortney began with the Chicago Department of Aviation in 2012 as Airport Operations Manager at Midway International Airport and then as Airport Facilities Manager at Midway International Airport. Prior to Chicago, Cortney was Manager for Bryan Coulter Airfield from 2010-2012 and began in the airport industry as Airfield Operations Supervisor and then Lead Airfield Operations Supervisor for St. Louis Lambert International Airport from 2004 - 2010. Prior to her positions in Airport Management, she worked for Atlantic Coast Airlines from 2003 to 2004.
